Aransas County has reported Fourteen Positive Test Results for COVID-19 July 21, 2020

As of July 21, 2020, fourteen additional positive test results for COVID-19 have been confirmed in Aransas County. The historical case count now stands at 106 with a total of 40 recovered. Case number 93 is a female in her 20s. Case number 94 is a female in her 50s. Case number 95 is a female under the age of 10 years old. Case number 96 is a male in his 40s. Case number 97 is a female in her 60s. Case number 98 is a male in his 80s. Case number 99 is a male in his 60s. Case number 100 is a female in her 60s. Case number 101 is a male in his 60s. Case number 102 is a female in her 60s. Case number 103 is a male in his 30s. Case number 104 is a male in his 50s. Case number 105 is a female in her 30s. Case number 106 is a female in her 30s. The patients are currently isolated in self quarantine. DSHS (Texas Department of State Health Services) is supporting Aransas County in identifying any close contacts of the patients so they can be isolated and monitored for symptoms.

The (DSHS) Public Health Region 11 is reminding the public that it is conducting contact investigations on persons who have tested positive to determine possible exposure to others. If the health department has not contacted you, there is no need to take any action at this time.

The (DSHS) Public Health Region 11, Aransas County and City Officials continue to work together against COVID-19. All agencies are vigilant and reporting results for COVID-19 in the region. They are also working together to educate the public and practice social distancing.

The public can find up-to-date coronavirus information and what to do if you're sick, this can be accessed at dshs.texas.gov. Additionally, testing information is available on the same website.
